I have reserved the Tech Center for Tuesday, August 16 at 10:00am for the EPA Superfund meeting with Chairman and the Council.

The meeting scheduled for the public will be the evening of the 16th in Yerington at the elementary school at 6pm.

Please let me know if there is anything else I can do regarding this meeting.

The information in this email needs to be corrected.

Just had lunch with Our Epa Superfund folks. The meeting scheduled for the public will be the evening of the 16th in Yerington at the elementary school at 6pm.

What the EPA Superfund folks are offering is to meet with Chairman, Council in the morning of the 16th at 10:00am or anyone from Schurz who may have questions about the NPL.

The EPA folks will not be tied to GAP.

Thank you Ellie for passing this on to me.

Cynthia

I am going to have to defer this over to Cynthia. In reading from the bottom up I'm confused on when and where the meeting(s) will take place. It is mentioned that a potential meeting will take place in the morning in Yerington and then another meeting in the evening. The message then refers to a meeting with YPT (Tribe) and then one with the community. So, I'm not sure about any of the logistics.

I will be available on the 16th. Have you confirmed meeting? This is important. Can we possibly meet at tech center or community center since there is training for staff that day?

EPA is just wanting to be sure WR does not have questions prior to the Public Community Meeting in Yerington.

The public Community meeting is scheduled on the 16th of August in Yerington

Hello Dave,

I can be available and will pass this on to the Chairman and Council for their availability.

Either time will work for me. No specific agenda?

Thank you,

Hi Cynthia,

I think both you and Dante are on vacation this week but I thought I would send this as a placeholder.

Can you meet the morning of the 16th? EPA is meeting with YPT in the afternoon and then we have the community meeting that evening.

We will be coming from Carson City so probably 10 am or 11 am would work best for us, although we want to be flexible to accommodate the Tribe's schedule.

Do you think members of the Tribal Council will want to join in the meeting?

We have no specific agenda, we just like to offer to meet with key stakeholder groups such as the Tribe when we come to town.

Thanks!
